

Digital Intelligence 2022

Harness the good, Limit the harm

Why

Empower children to become informed digital citizens, who are conscious and responsible creators and consumers of technology in an ever changing world.

How

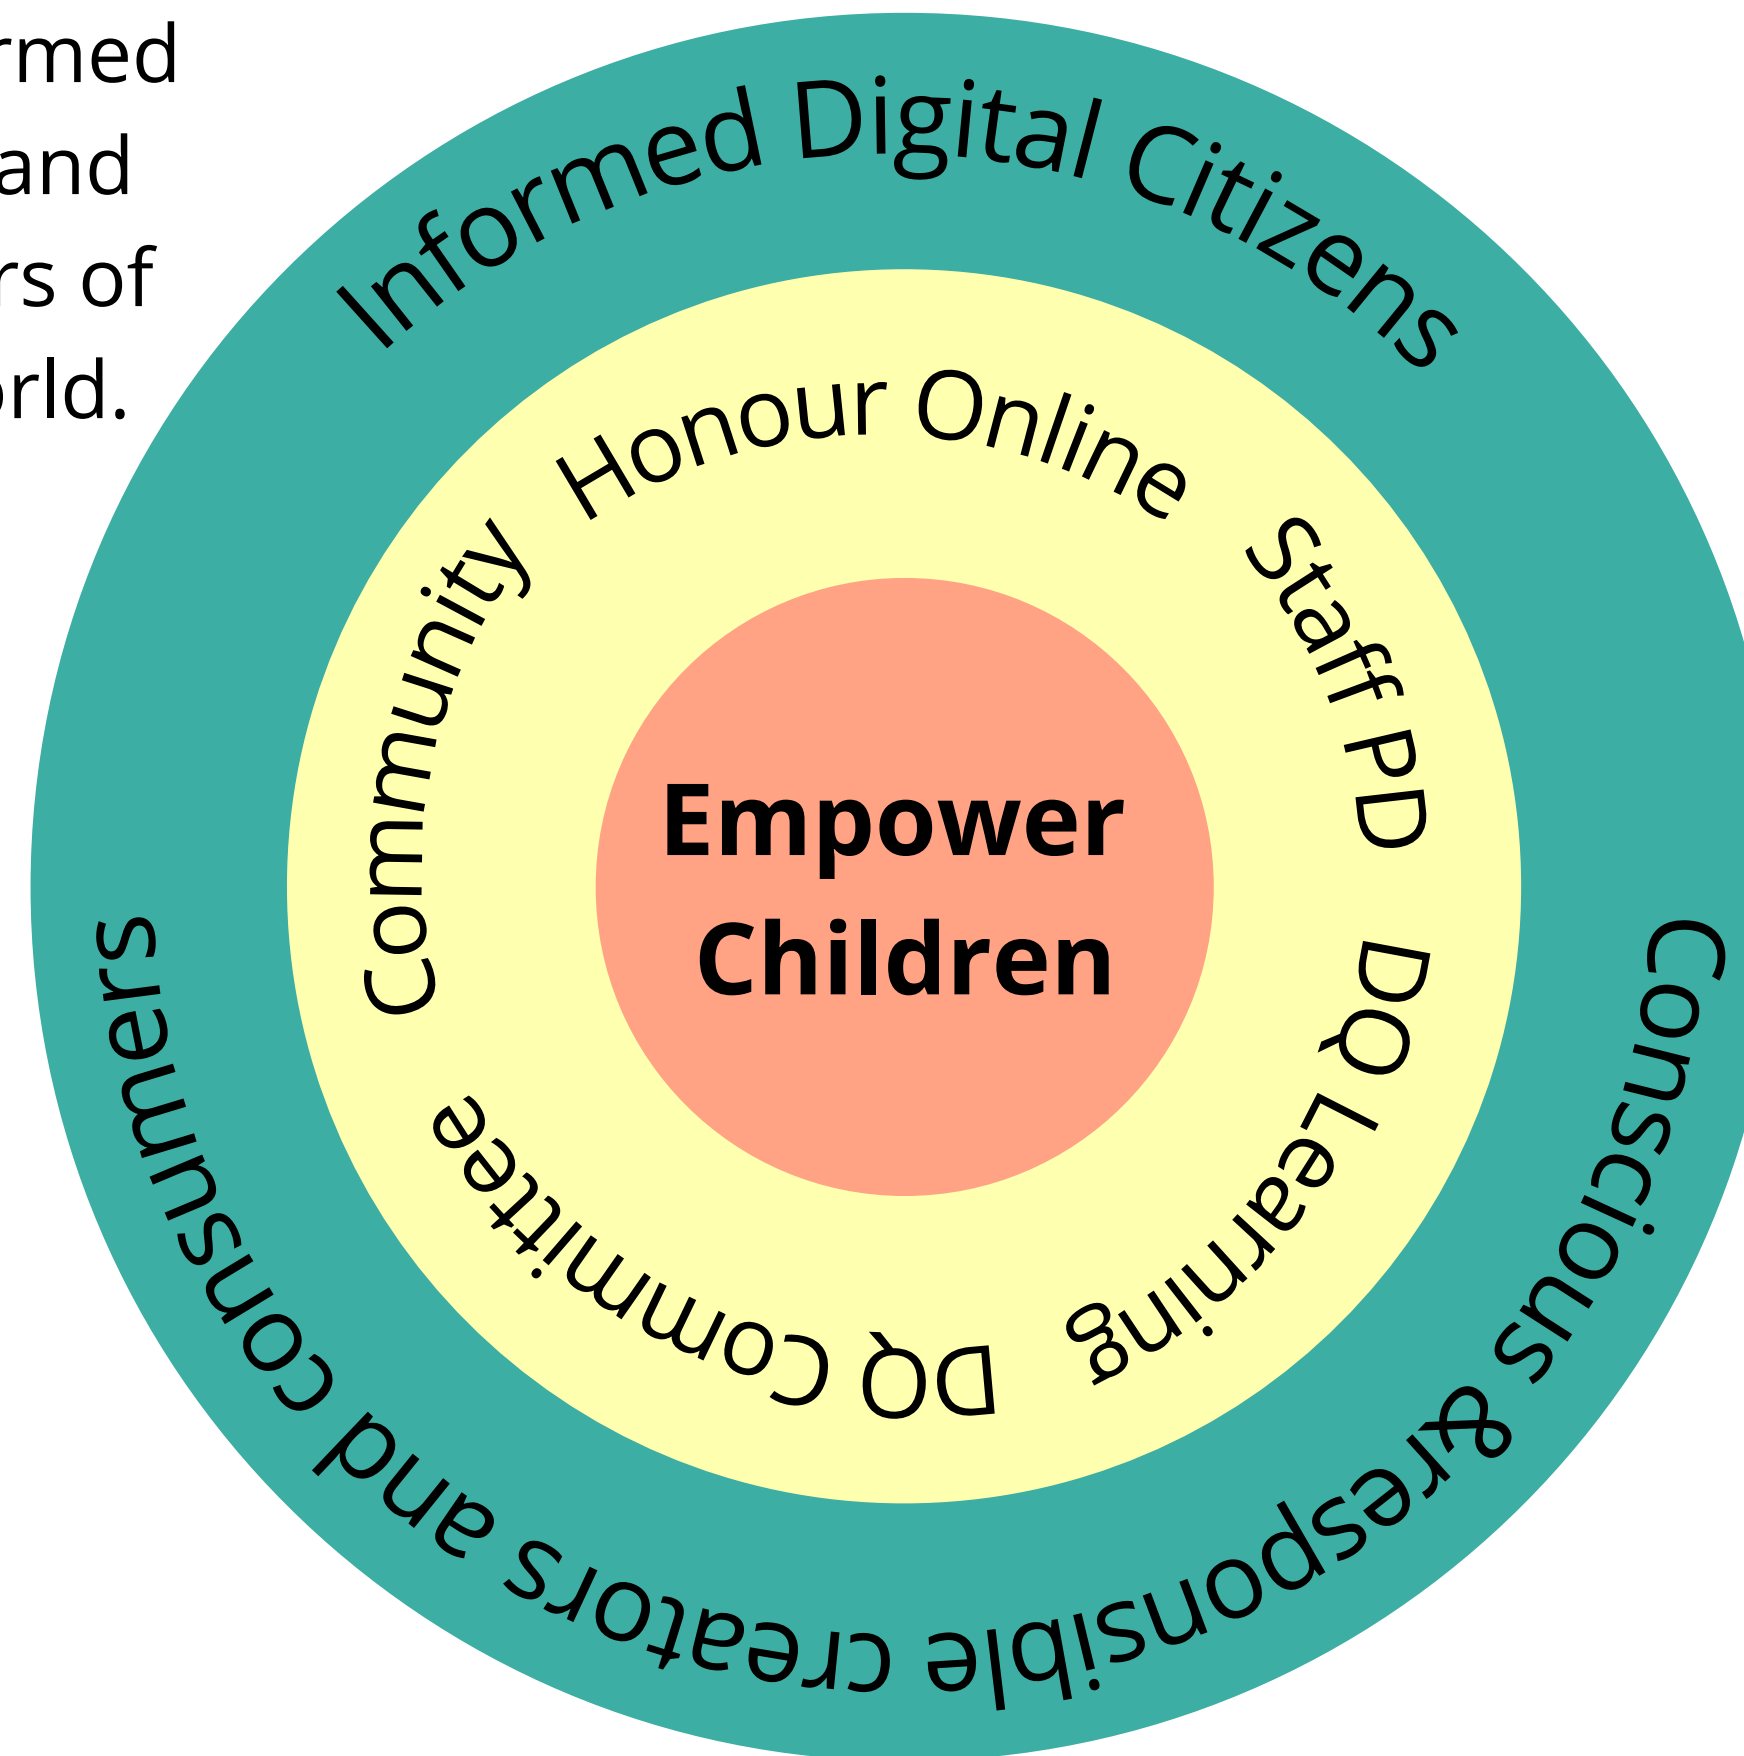

We will do this by empowering students, teachers and the community.

Key initiatives for 2022 are:

- HonourOnline
- DQ Framework & learning experiences focussed on Digital Safety & Digital use
- Creation DQ Committee
- Partnering with community
- Staff Development
- Authentic use of technology

What

In partnership with the students, teachers and community, our vision is to harness the good and limit the harm of technology. To empower our children to become **informed digital citizens**, who are **conscious and responsible creators and consumers** of technology.
